

Protect Yourself and Those You Love

Join the conversation at Massachusetts for Safe Technology:

- 🌀 Investigate the peer-reviewed science and learn how other countries are protecting their citizens.
- 🌀 See what is being done at the state policy level and by state agencies.
- 🌀 Watch videos from educational forums with leading experts in science, medicine and public policy.
- 🌀 Read articles in local papers as citizens help transition their towns to superior technology solutions.
- 🌀 Learn how to choose hard-wired connections and turn off wireless antennas.
- 🌀 Connect with others in your area, and find resources to help.
- 🌀 Join us to ensure biologically safe and fiscally responsible technology in our homes, schools, communities and workplaces.
- 🌀 Please donate to keep this important work going!
